## ***Professional Artist Award***

**Nominee**

**[Erin Brekke-Conn](#)**

**Artist Type**

Artist

**Organization/Business**

**Photo**

### **Nomination**

*Erin is a prolific artist with a unique and stunning perspective. Her distinctive “pointillism” style can be found throughout Airdrie, from landmark worthy artist wraps on electrical boxes, to highly coveted AIRdirondack chairs, to even last year’s winning AMNA award design. She has long been a valued resource for the Creative Airdrie Society and has always produced the highest quality results in any program she has partnered with us in. A consummate professional, the intelligence and passion behind her work speaks for itself and is always in demand. We consider ourselves fortunate to have worked with Erin and we would like to say thank you to her by nominating her for the Professional Artist Award. Her dedication to beautifying her city through her inspiring works is a true testament of community spirit. Despite many critical accomplishments already under her belt we have no doubt that she will continue to push boundaries and help set the benchmark for artistic excellence in our city.*

### **Biography**

**Start**

# 2017 AMNA Nomination

Prepared By: Owner

## **Professional Artist Award**

*Ever since I was a young girl the only thing that made me feel calm, peaceful and passionate was being creative. Drawing as a child was the best way to express myself. As an adult my pencil turned into a paint brush and I let my thoughts transfer to canvas, wood or just about anything I can get my hands on. I am so grateful that each and every day I'm able to follow my dreams!*

### **Mentor**

*My greatest inspiration are my two little boys and my amazing husband. I want to make them proud and to let them know to always follow your passion.*

### **Achievement**

*Currently I working on a project with the new BC children's hospital in Vancouver. I am so honoured that I have been selected to create 3 - 9' x 30' wall murals. To think that my art might bring comfort to a child and their families through a stressful time will be the my greatest accomplishment in my art career. I couldn't think of a more important project to be a part of.*

### **Future Goal(s)**

*My top goal for the future is to always create work that I am proud of and to give back as much as I can. My art career always seems to surprise me. I just never know what the next wonderful opportunity will be... #lovemyjob #livetopaint*
